

## General Ingredients

### Lecithin Liquid 20kg

**Product ID:**

LECI015

**Product Name:**

Lecithin Liquid 20kg

**Country of Origin:**

Repacked in Australia; Origin: India

**Description:**

Lecithin is a surface active agent with unique properties. Lecithin can modify the boundary between many types of substances. In the presence of two immiscible liquid phases, lecithin reduces the surface tension and acts as an emulsifier. When used between a solid and a liquid phase (instantizing), lecithin acts as a wetting and dispersing agent. When used between solid phases, lecithin acts as a lubricant or release agent.

**Intended Use:**

Lecithin has been found useful in a wide variety of food processing applications

**Ingredient Listing:**

Lecithin (Soy), Emulsifier (322) (Soy)

**Pack Size:** 20kg

**Net Weight:** 20

**Per Pallet:** 48
