

General Ingredients

Malt Extract MD/Light 28kg

Product ID:

MALT010

Product Name:

Malt Extract MD/Light 28kg

Country of Origin:

Australia

Description:

Malt extract is produced by mashing finely ground malted barley with water at a temperature not exceeding 75 °C, then filtering and evaporating the resulting liquid under vacuum until it is the consistency of thick honey. The grist comprises a high proportion of malted barley as constituent of the mash in order to produce a malt extract with a medium amber colour.

Intended Use:

Food Ingredient

Ingredient Listing:

Malt Extract (81%), Water (19%)

Pack Size: 28kg

Net Weight: 28

Per Pallet: 32
